

REDEFINE

This comprehensive skincare regimen is for the appearance of lines, pores, and loss of firmness. (\$149 Consultant / \$179 Preferred Customer / \$199 Retail)

Redefine Daily Cleansing Mask – Creamy, kaolin clay-based cleansing wash/mask draws out impurities from the pores while exfoliating grains gently smooth the skin. (Individually \$32 C / \$38 pc / \$43 R)

Redefine Pore Minimizing Toner – Alcohol-free toner with hydroxyl acids exfoliate to reveal new, smooth cells. Lentil Seed Extract works below the surface of the skin to stimulate collagen production, thereby limiting the pore distortion and slackening that occurs with age. (Individually \$36 C / \$43 PC / \$48 R)

Triple Defense Cream SPF: Your anti-aging treatment, moisturizer, and SPF 30 sunscreen all in one. Clinically-proven peptides reduce the appearance of lines and wrinkles while increasing skin's firmness. Contains a photo-stable broad spectrum SPF, dimethicone, and hyaluronic acid. (Individually \$63 C / \$75 PC / \$84 R)

Overnight Restorative Cream: Ultra-hydrating cream replenishes the skin while you sleep. Peptides smooth the skin's appearance, hyaluronic acid and glycerin prevent moisture loss, and the Triglyceride complex fortifies the lipid layer. It also has a 12-hour, time released formula of vitamins A, C, and E. (\$58 C / \$70 PC / \$78 R)

AMP It Up Special (Regimen + AMP MD Roller and Serum) (\$248 C / \$297 PC / \$331 R)

AMP MD Roller System: Utilizes stainless steel micro-needle tips to safely condition the uppermost layer of skin. Potent, proprietary blend of peptides and retinol visibly improves skin texture and firmness and reduces the appearance of wrinkles. Retinol improves skin texture and minimizes the appearance of pores. Patented time-release technology reduces potential irritancy. Purification Tablets and Cleansing Vial protect against bacteria transfer. Not recommended for active acne breakouts or sensitive skin. Roller should be replaced yearly. (\$161 C / \$193 PC / \$215 R with Serum. Serum Individually - \$68 C / \$81 PC / \$91 R)

Acute Care Redefine Special (Regimen + AC) Reduce the appearance of wrinkles and see a significant improvement in crow's feet with Acute Care. REVERSE BRIGHTENING REGIMEN

Based on our Multi-Med® Therapy, REVERSE Brightening Regimen is a complete skincare system that combines cosmetic and OTC ingredients to visibly brighten and even discolored skin. (\$142 Consultant / \$171 Preferred Customer / \$190 Retail)

Deep Exfoliating Wash: Multi-mechanism exfoliator that simultaneously cleanses and refines sun damaged, blotchy complexions. Alpha hydroxy acids loosen old, dull skin cells so that tiny polyethylene beads can effectively sweep them away. With a fresh, polished surface, skin is instantly brighter and ready to receive the benefits of the medicines delivered in the subsequent steps of the regimen. (\$32 C / \$38PC, \$43 R)

Intensive Brightening Toner: Proprietary blend of kojic acid and antioxidants brighten the skin and gradually fade discoloration. Salicylic acid and licorice enhance skin renewal for increased radiance. (\$36 C / \$43 PC, \$48 R)

Dual Active Brightening Complex: Features Vitamin C and Retinol, to enhance skin brightening while diminishing the look of fine lines and wrinkles, along with Kojic Acid and Licorice to improve the appearance of uneven skin tone over time. Dual-tube packaging ensures maximum product efficacy. By layering REVERSE Dual Active Brightening Complex over REVERSE Intensive Brightening Toner, uniform brightening of the skin is optimized. (\$74 C / \$89 PC / \$99 R)

Broad Spectrum SPF 50+: Features SHIELD^{rf}, a unique complex of stabilized Avobenzone and colorless carotenoids, to provide prolonged broad spectrum protection and ensure that the REVERSE Regimen has every opportunity to visibly decelerate the signs of early skin aging that appear over time. Vitamin E and Green Tea scavenge free radicals and prevent further skin damage from occurring, while Licorice and Mulberry extracts help to brighten dull-looking skin. (\$31 C / \$37 PC / \$42 R)

Reverse Amp It Up Special (Regimen + Roller) Utilizes stainless steel micro-needle tips to safely condition the uppermost layer of skin. Potent, proprietary blend of peptides and retinol visibly improve skin texture and firmness while reducing the appearance of wrinkles. SOOTHE

Soothe is a complete skincare system that uses clinically proven cosmetic and active OTC ingredients to soothe sensitive, irritated skin and calm visible facial redness (\$127 Consultant / \$153 Preferred Customer / \$170 Retail)

Gentle Cream Wash: This creamy gentle cleanser removes light makeup and other impurities. It calms and nurtures the skin with healing ceramides leaving the skin smooth and soft. (\$32 C / \$38 PC / \$43 R)

Sensitive Skin Treatment: Hydrating lotion treatment with *RFP3 Peptide Technology helps reduce inflammation, kill bacteria, stimulate collagen, increase skin firming, and promote smooth, clear, healthy-looking skin. Optical diffusers diminish redness. This product is often recommended with other regimens when irritation or sensitivity is a concern. (\$63 C / \$75 PC / \$84 R)

***RFP3 – Patented Enhanced Peptide Technology:** Proprietary combination of two peptides and a protease inhibitor. These neutralize inflammatory triggers. Oligopeptide-10 helps reduce bacteria, Tetrapeptide-16 reduces the appearance of irritation, and additional peptides shield against collagen damaging enzymes.

Moisture Replenishing Cream: Rich, dewy formula soothes, hydrates, and nourishes. *Patent pending RF Cold Fission technology to replenish the skin's natural moisturizing factors without the use of traditional emulsifiers that can irritate the skin. (\$42 C / \$50 PC / \$56 R)

Mineral Sun Screen SPF 30: Broad spectrum contains only mineral-based SPF ingredients that keep the skin's surface cool and minimize the appearance of racial redness. It's a wonderful lightweight formula that calms the skin, goes on smooth, and dries without the obvious white-cast. (\$31 C / \$37 PC / \$43 R)

Acute Care Soothe Special: Reduce the appearance of wrinkles and see a significant improvement in crow's feet with Acute Care. Proprietary Liquid Cone Technology melts line-defying peptides and hyaluronic acid directly into the wrinkle for a more youthful appearance. Ask if they have had sensitivities to adhesives before use. Many advise trying this after a full 60 days on Soothe and/or when visible signs of irritation or redness have subsided. (\$233 C / \$279 PC / \$311 R)

OTHER FAVORITES: **Redefine Multi-Function Eye Cream:** Powerful peptides and Pear extract visibly reduce the appearance of crow's feet, dark circles, and puffiness. It helps to soothe tired eyes \$55 (PC). **Redefine Eye Cloths:** Deposits anti-aging peptides that reduce the appearance of fine lines, wrinkles, and puffiness. Use prior to step one to remove make-up and/or as a post-workout freshening wipe \$28 (PC). **Redefine Lip Serum:** Peptides, Vitamin E, and antioxidants help lips retain moisture while smoothing texture and plumping the lips. (\$50 PC) **Enhancements Mineral Peptides Broad Spectrum SPF 20** (\$27... w/ brush \$54).

UNBLEMISH

Take control of blemishes and stop them from controlling you. (\$135 Consultant / \$162 Preferred Customer / \$180 Retail - 60-120 day supply).

Acne Treatment Sulfur Wash: Non-foaming cleanser with 3% Sulfur. Sulfur helps reduce the appearance of redness. Chamomile and Aloe Vera help calm the skin. Botanicals help cut the drying aspect of the BP in the steps that follow. Pores stay clear allowing the treatments that follow to better penetrate. This is not a spot treatment and should be rinsed thoroughly. (\$32 C / \$38 PC / \$43 R)

Clarifying Toner: Alcohol-free toner gently clears pores with mild alpha hydroxyl acid. Antioxidants calm the complexion and prepares the skin for the steps that follow. (\$31 C / \$37 PC, \$42 R)

Dual Intensive Acne Treatment: Unique dual-chamber delivery system ensures maximum efficacy. The fast acting penetration enhancing gel is added to 5% Benzoyl Peroxide creating a 2.5% blended formula which helps prevent the development of new acne. Chamomile and Pomegranate helps to calm redness and hydrate the skin. (\$76 C / \$91 PC, \$102 R)

Oil Control Lotion Broad Spectrum 20: Zinc Oxide and Titanium Dioxide provides broad spectrum SPF 20. This non-greasy, lightweight formula provides a time-released oil control system to help reduce clogged pores and reduce the appearance of oily skin. (\$22 C / \$27 PC / \$30 R)

Getting Started / Doctor's Tips / Supplements: Read the regimen pamphlet carefully. During the acclimation period, avoid exfoliating products such as peels, mechanical brushes, professional micro-dermabrasion, and products with retinol or hydroxyl acids. Use a soft sponge or fingertips instead of a washcloth. If you have combination or t-zone skin, reduce the use of the Step 3 and possibly step 4, in the areas that are dry. Adding Soothe Sensitive Skin Treatment works well with combination skin.

Acute Care Unblemish Special (Regimen + AC) Reduce the appearance of wrinkles and see a significant improvement in crow's feet with Acute Care. Proprietary Liquid Cone Technology melts line-defying peptides and hyaluronic acid directly into the wrinkle for a more youthful appearance. (\$240 C / \$288 PC / \$320 R)

Soothe Sensitive Skin Treatment: For dryness and sensitivity (\$75 PC).

Soothe Moisture Replenishing Cream for increased hydration (\$50 PC).

Redefine Night Renewing Serum (\$81) Many times the Solutions Tool recommends the NRS when acne and wrinkles are concerns. With this recommendation, begin slowly to help reduce any possible irritation and follow with a moisturizer, if needed.

* During the first month acclimation period, the Soothe regimen or Soothe Wash, Treatment, and SPF can be used on the days that the customer isn't using Unblemish.
